

PRIDE IN OUR COMMUNITY

Broadmore Senior Living at Murfreesboro has been providing quality care to seniors in Rutherford County for over nine years. We are proud of our long-term staff members, some of whom have been committed to caring for our community residents for several years.

Centrally located in the City of Murfreesboro, the gentle swaying of Bradford Pear trees invites seniors in to enjoy our community. Our grounds are complemented by our beautiful and serene courtyard. From benches and patio chairs, residents rest, relax and socialize.

Situated in a quiet residential neighborhood, Broadmore is located just minutes from a wide selection of shopping and dining choices. Our close proximity to Stones River Mall, The Linebaugh Public Library, and our beautiful Middle Tennessee State University campus provides many opportunities for outings year round.

Our activity program comprises comprehensive activities designed to meet the physical, spiritual, educational, and social needs of our residents. Our dining services deliver a daily assortment of delicious, chef-prepared meals.

Enhancing our amenities is a staff that understands the importance of each individual's needs for assistance. We work closely with our local medical professionals and their teams.

Particularly convenient is our location between two major hospitals and many physicians' offices. We strive to embrace individual care needs through supportive services and exceptional care.

Come share in the lifestyle we have to offer.
